

## **Sr. Geologist – PITTSBURGH, PA**

Seneca Resources Corporation, the oil & gas exploration and production subsidiary of National Fuel Gas Company (NYSE: NFG), is currently seeking a Sr. Geologist at its East Division office in Pittsburgh, PA.

The Sr. Geologist will serve as an integral member of the Exploration team with responsibilities including, but not limited to, the following:

- Initiating and executing a shale development program, including geosteering horizontal wells
- Preparing geological assessments of assigned area of responsibility
- Utilizing all available data sets to develop frontier unconventional plays
- Coordinating with other departments to achieve Division goals
- Coordinating with partnering companies regarding geologic activities
- Providing geology support for other Division departments and guidance for land-related activities

This position requires five to ten years experience and a Bachelor's degree in Geology, or similar concentration. A Master's degree, as well as shale development experience, is preferred. Petrophysical or geophysical experience is a plus. Successful candidate should have experience working with Geographix, or similar software. Candidate must also be able to work well in a team environment.

Candidates responding to this ad must refer to the job title, Sr. Geologist, or Job ID #11-70PA in their correspondence. For confidential consideration, please send your resume, cover letter and employment references by October 12, 2011 to [jobs@srcx.com](mailto:jobs@srcx.com) or to:
